Osu - Accra

## LETTER OF APPRECIATION AND GRATITUDE

On behalf of the Board of Governors, Staff and Students of this college and on my own behalf, I write to express our sincere gratitude to you, the International Foundation for Education and Self-Help (IFESH), World Cocoa Foundation and Hershey for the donation of two Electric Power Generators to the college which is a direct result from the historic visit of the Chief Executive Officers of IFESH, WCF HERSHEY and their teams to this institution on 30<sup>th</sup> May, 2007.

We are particularly inspired by the kind and generous gesture of all the members of the team who contributed to make it possible for IFESH to purchase the generators.

It is with a deep sense of appreciation that we receive the donation. We promise to take good care and use them as stand-by generators for the Resource Centre and Computer Laboratory to facilitate teaching and learning for quality teacher education.

This donation will help to sustain the Resource Centre which you have helped to establish in the college. We continue to look forward to a fruitful partnership with you in promoting quality basic education for all.

Thanks, once again, for your interest in the college, service and support.

C. D. B. MENSAH  
PRINCIPAL
